Double Elite with Paralink LCD / LED Arm

The Elite series of adjustable LCD / LED monitor arms incorporate revolutionary design features allowing monitors of up to 12.7kg to be supported whilst providing effortless movement of up to 1066mm from the mounting point.

Cables are neatly routed internally through the Elite arm. Each arm section incorporates a tensionable gas cylinder that enables user friendly ergonomic height and reach adjustment. The paralink monitor attachment allows for tilt, swivel and the ability to rotate the monitor from landscape to portrait.

Available in monitor only or combination monitor and keyboard configurations, desk, wall or pole mount fittings. Select from a wide range of keyboard tray options including ergonomic, composite and mini 305mm (12") flat. Finishes include medical white, light grey or black.
