## T2 Elite with Paralink LCD Wall Mount

The T2 Elite with Paralink combination series is a premium hospital / dental LCD TV / monitor and keyboard mounting solution incorporating revolutionary design features allowing monitor weights of up to 12.7kg or monitor and keyboard combinations up to 9.9kg to be supported, whilst providing effortless, finger touch movement.

The T2 Elite with Paralink range has the capacity to extend up to 1730mm (68") from the wall and fold to within 150mm (5.9") when not in use. As a fully cable managed monitor mounting solution, the T2 Elite with Paralink LCD wall mounted monitor arm is ideal in hospital and dental environments.

Available in monitor or combination monitor and keyboard configurations. Select from a wide range of keyboard options including; ergonomic, composite and mini 12" flat. Finishes include medical white, light grey or black.

- Massive 1260mm (49.6") of max reach to front of monitor, massive 1730mm (68") to front of keyboard tray.
- Hard wearing, durable powder coat finish.
- 12.7kg of max weight when used with monitor only.
- 9.9kg of max weight when used with both monitor only and monitor and keyboard combination.
- User friendly ergonomic height and reach adjustment.
- Cables route neatly through the arm.
- Can be cleaned with hospital grade cleaning solutions up to 10,000 parts bleach per 1,000,000.
- Optional components include dedicated mouse pad, gel wrist rest, wall track and barcode scanner.
- Touch screen stable.
- Available in medical white, light grey or black finish.

### Specifications
