

## Trader Multi Post Series

The ErgoMounts Multi-Post Series provides the ability to support up to 4 x 22" LCD monitors from a single central pole. Ideal for use within financial, insurance and control room environments. Monitors can independently tilt, angle left to right and move from portrait to landscape along with the added benefit of allowing the user to adjust the viewing distance to their own optimum ergonomic position.

The Multi-Post is a totally modular system allowing components to be added or removed at a later date as your requirements change. Available with desk clamp or bolt through desk fittings.

Each monitor can be adjusted in tilt, swivel and landscape to portrait. Two ball joint sizes are available, 30mm supports monitors up to 8kg and the 50mm version supports up to 15kg.

- Supports 1,2,3 or 4 LCD monitors on a single 25mm diameter solid aluminium pole.
- Create a viewing parabolic.
- Height and reach adjustable.
- Highly aesthetic.
- Supports up to 4 x 22" LCD monitors (using upgraded 50mm heads). Standard 30mm heads support screens up to 8kg / approx 19" in size.
- Desk clamp, or bolt through fitting.
- Supplied with 75mm x 75mm and 100mm x 100mm VESA interface plates.
- Monitors tilt, angle and move from portrait to landscape.
